

Name:

**Features and Suprasegmentals Problem Set**

**Part 1:** For the following consonants, say whether it is *voiced* or *unvoiced*, where it is pronounced and its manner of articulation. Refer to your IPA chart if needed, but try to do it by memory or by introspecting.

[dʒ]      ex. *voiced post-alveolar affricate*

[b]      \_\_\_\_\_

[k]      \_\_\_\_\_

[ʒ]      \_\_\_\_\_

[s]      \_\_\_\_\_

[θ]      \_\_\_\_\_

**Part 2:** Place primary and secondary stress where needed on the following words. (Remember that secondary stress is never needed in two syllable words and not always in three syllable words).

- |           |               |              |              |
|-----------|---------------|--------------|--------------|
| allow     | abide         | construction | friendship   |
| clarity   | fortification | backpack     | paramour     |
| celery    | hairstyle     | cornucopia   | binding      |
| backwoods | finalize      | torrential   | after        |
| brokerage | lardy         | zealous      | ambidextrous |
